

ReachCentrum for your business at ChemSpec Europe 2010

On 9 and 10 June ReachCentrum will attend [Chemspec Europe 2010](#), the annual event for chemicals industry, hosted this year in Berlin.

Visiting our booth, guests will discover the services ReachCentrum provides to companies for complying with REACH: from our main expertise, the Consortium Management, to the tailor-made workshops, trainings and webinars we deliver to successfully transfer our practical expertise to the Industry.

In Berlin the ReachCentrum staff will be keen to help you with practical guidelines for preparing the registration dossier for the first deadline 2010. We will answer to all questions on how to comply with the REACH regulation. We can provide guidance on the CLP notification process using the tools - IUCLID 5.2 and REACH IT. **Bring your issues regarding the 2010 registration deadlines to the experts who are present at the booth and we will help you.**

Under our Consortium Management services, we offer managerial, legal, accounting, secretarial and technical support to REACH consortia: our tools are designed for companies preparing, forming and operating REACH consortia with the focus on meeting the REACH registration deadlines in time and cost efficiently and avoid administrative burden. Our solutions simplify the processes of forming and maintaining REACH consortia. With the experience we have built with Consortium management, we are the right place to go for SIEF management, like supporting the SIEF leadership team, for the 2013 deadline substances.

ReachCentrum organizes REACH events such as training modules, workshops and numerous webinars to get industry acquainted with the REACH requirements. Our REACH events bring you practical and concrete advice, useful and ready to implement in your company.

At ChemSpec 2010 we will also give details on our new services in view of the future REACH deadlines of 2013 and 2018, focusing on supporting individual company and based on specific needs. We will illustrate how our expertise in getting consortia ready for their REACH registrations is now also successfully used to support individual companies.

Review with us your registration dossier on the spot!
