

ReachCentrum training session in Estonia – May 2010

Paul Nguyen, our ReachCentrum professional trainer, led a successful training session in Tallinn on 5 and 6 May 2010, on behalf of Federation of Estonia Chemical Industries.

On 5 and 6 May Paul Nguyen, our ReachCentrum trainer, led a training session in Tallinn, Estonia. Attendants, members and delegates of the Federation of Estonia Chemical Industries, were fully satisfied with the course, which included installation of IUCLID 5.2 and discussions on dossier preparation as members of Joint Submission. CSR generation, TCC tool and dossier creation were also handled.

For further information see the [ReachCentrum workshop and training pages](#) or the [Federation of Estonia Chemical Industries website](#).

About ReachCentrum

ReachCentrum is the professional services body established by Cefic, the European Chemical Industry Council, which has been designed to help companies all through the value chain to fulfill the REACH requirements. ReachCentrum provides guidance to get acquainted with the REACH requirements, managing Consortia, organising workshops and delivering in-company trainings. ReachCentrum services are available for European and non EU chemical manufacturing companies.
